**About Me:** I am a third-year student at SETU Carlow studying Computing in Interactive Digital Art and Design. My course combines programming, 2D/3D animation, and UI/UX design, giving me both creative and technical skills. I currently work at Eddie Rockets, where I've built strong teamwork and customer service experience. I am eager to apply my programming, animation, and design knowledge in a professional placement environment, gaining industry experience while continuing to develop my long-term goal of working in the animation industry.

**Technical Skills: Programming & Web Design:** C++, HTML, CSS, JavaScript, Svelte, GitHub

**Design & Animation:** Adobe Suite (Photoshop, Animate, After Effects, InDesign), Blender, Autodesk Maya, Penpot

**Projects:** Magnet Misadventure (C++/SFML game), Artefact Brawler (C++/Aseprite)  
Recycling Rats Assets (Maya, Adobe Photoshop and Illustrator), Portfolio Website (Svelte)
