Web User Interface Design (65%)
Introduction To 3D Digital Art (69%)
User Interface Prototyping (70%)

ABOUT ME

I am a second-year student at SETU Carlow studying Computing in Interactive Digital Art and Design, aiming for a career in animation. In this course I use creative and technical skills gained from modules in programming, 2D/3D animation, and user interface modules. I currently work at Eddie Rockets and volunteer with Visual Carlow. With additional experience in retail and manufacturing, I'm eager to apply my skills in a professional environment, although I enjoy programming, my main passion is 2D/3D animation and 3D Modelling. In my free time, I enjoy running, going to the gym, cooking, drawing and socializing with my friends. .

ADDITIONAL INFORMATION

- **Full clean driving license**
- **Attended Dingle Animation Festival (March 2025)**
- **Manual Handling Certified**
- **Completed multiple 5k charity runs**
- **Volunteer at Visual Carlow (2025 – Present)**
- **Attended a Brownbag Films seminar in April 2025**
